Agenda

1. WELCOME AND OPENING OF MEETING
   Cr. Bill Bode

2. FLINDERS SHIRE UPDATE
   Robyn Young (Rural Services Manager)

3. SOUTHERN GULF NRM UPDATE
   Southern Gulf NRM (SG NRM) is a community-based not-for-profit company limited by guarantee under the Australian Companies Act, tasked with providing sustainable natural resource management (NRM) services in the southern Gulf of Carpentaria region of north west Queensland.

4. DESERT CHANNELS QLD UPDATE
   Desert Channels Queensland (DCQ) is a community-based natural resource management body that works to ensure a sustainable social, economic and environmental future for the Queensland section of the Lake Eyre Basin.

5. DAF, BIOSECURITY QUEENSLAND
   Tony Salisbury
   Biosecurity Officer, Invasive Plants and Animals

6. ANIMAL HEALTH AUSTRALIA
   Sarah Simpson
   Animal Health and Biosecurity Manager (Cairns based) supported by Great Artesian Veterinary Surgery

7. BIOLOGICAL CONTROL OF PARTHENIUM
   Jason Callander
   Scientist, Department of Agriculture and Fisheries
   Jason joined the Queensland Government’s weed biological control group in December 2014 where he was involved with host specificity testing of prospective biological agents for prickly acacia. In 2016 he took the lead on the parthenium biological control redistribution project, which involves the collection, culturing and redistribution of established biological control agents, for parthenium weed, from central Queensland to southern Queensland.

8. PASTURE RECOVERY
   Rebecca Gunther
   Extension Officer (Beef)
   Expertise: Extensive beef production systems; management of native rangelands; cattle nutrition and supplementation including dry and wet season lick rations, molasses mixes and heifer and weaner management; breeder herd management; livestock marketing; property layout and infrastructure planning; and communicating latest information/technology to the beef industry.
   Region: Northern Gulf, Southern Gulf, Western Burdekin

9. GUEST SPEAKER
   Neil Glentworth
   Founder, Executive Chairman of Glentworth Industries
   Neil works with clients each day to solve the most complex of business problems through data and information. Passionate about productivity at a macro level, Neil is an active advocate of economic growth and the creation of public value. He provides tangible advice to global technology companies and all levels of government with a focus on practical ways to leverage digital technology for social and economic gain.

All meetings followed by community meeting at each location.
