NRM

Bursary to attend the 20th Biennial Australian Rangeland Society Conference

CANBERRA, 2 - 5 SEPTEMBER 2019

The Australian Rangelands Conference brings together industry representatives and practitioners, researchers, and policy makers with interests in the management of Australia's rangelands.

Southern Gulf NRM is offering a bursary of \$2,500 to support the attendance of a member of the Southern Gulf community to attend the conference.

Our aim is to support development of knowledge and skills in rangelands management within the Southern Gulf community. We want to support someone who will benefit personally from the experience, but who is also willing and able to influence others through their links in the community.

For more information about the conference see: www.austrangesoc.com.au/pages/biennial-conference.html

Application forms and more information about the conditions of the bursary are available on request from the Southern Gulf office.

CLOSING DATE: 8AM, FRIDAY APRIL 26

Pru Wharton
Regional Landcare Facilitator
