Carbon and Co-benefits Webinar

Learning from the Queensland Government's Land Restoration Fund Kickstarting the Market Pilot Projects

WEDNESDAY 15 JULY 2020, 10AM

[Click here](#) to register in advance via Zoom.

After registering, you will receive a confirmation email containing information about joining the webinar.

The Department of Environment and Science, through the Land Restoration Fund has supported six Kickstarting the Market Pilot Projects. The Pilot Projects explore Queensland's opportunities to participate in the carbon market while also gaining additional value from associated economic, social, cultural and environmental co-benefits.

The Department of Environment and Science and Southern Gulf NRM welcome landholders, Carbon Service Providers and other interested parties to join a webinar which will explore each of the six Kickstarting the Market Pilot Projects and their outcomes.

Gillian Mayne | Department of Environment and Science

Introducing the Land Restoration Fund

Dr Micheli Duarte de Paula Costa | Deakin University

Blue carbon opportunities in Queensland: how much and where?

Kayler Plant | Southern Gulf NRM

Facilitating adoption of the Beef Cattle Herd Management Method as a foundation for the Land Restoration Fund in North-West Queensland

Balkanu Cape York Development Corporation Pty Ltd

Strategic analysis of Cape York Peninsula fire patterns leading to increased carbon credits through optimised regional management

Chelsy Maloney | Terrain Natural Resource Management

Kickstarting cassowary credits for carbon and community

Leanne Sommer | World Wide Fund for Nature Australia

Protecting threatened species and restoring grazing land

Kerri Woodcock | Cape York Natural Resource Management Ltd

Kickstarting action carbon, culture, ecology and economies in Cape York
