Dunnart **SURVEY**

**CITIZEN SCIENCE TO
HELP SAVE A SPECIES**

Southern Gulf NRM and McKinlay Shire Council are pleased to continue to work together to support the endangered Julia Creek dunnart.

People of all ages can contribute valuable data to this Citizen Science program by providing dunnart sighting information. The information provided will complement research previously conducted in the region and assist in gaining a better understanding of the distribution and ecology that supports this iconic threatened species.

Dunnart **SURVEY**

Date: _____ Time of day: _____

Weather conditions: _____

Name (not essential): _____

Contact details (not essential): _____

Sighting Data

Please attach a photo, if possible.

GPS Location (or property address): _____

Distinctive features: _____

Additional Comments: _____
