

Bull Management in the NW

An E-Beef Smart Farm Field Day
in conjunction with Advancing Beef Leaders

Hear from local producers and industry specialists about the application of technologies & practices that will enable you to make better informed decisions around bull breeding, management & selection in the Northwest

Lachlan & Hannah Smith (Redland Park)*

Using WOW tech to back your decisions

Robert Chaplain (Wynberg)

Applying Ceres Tags to track joined bulls

Trevor Smith (NAVG)

Identifying fertile and structurally sound bulls

Tim Emery (DAF)*

Using Genomics, EBVs & BREEDPLAN

Kate Everett (Zoetis)

Vaccination history, programs & options

Plus, presentations on selecting traits to achieve your breeding objective, using poll genetics, marketing top performing bulls & more!

***NOTE:** Lachlan, Hannah and Tim will be presenting virtually.

Date:

Friday 18th March
