

## **Environment Project Officer**

**Mount Isa, Queensland – Full Time or Part Time.**

Southern Gulf NRM is a not-for-profit community-based company responsible for planning and implementation of sustainable Natural Resource Management (NRM) in the southern Gulf of Carpentaria region of North West Queensland.

The four goals of our regional NRM plan are: Building Strong NRM Communities; Growing Regional Prosperity; Securing Landscape Resilience; Sustaining our Natural and Cultural Environment. We design and deliver natural resource management projects to address these goals.

We are seeking an energetic and versatile Environment Project Officer to join our committed team who can develop, implement, and deliver programs and projects to support environment and heritage conservation outcomes in the Southern Gulf region. Your work will involve travel in the stunning outback landscapes of the region.

The successful applicant will have tertiary qualifications and/or equivalent experience in environmental and/or environmental science fields, would be an advantage. They will be able to demonstrate a sound knowledge of the principles of natural resource management and will have expertise in one or more NRM-related technical disciplines relevant to the Southern Gulf region. Project development and management coupled with extension and engagement skills are very important attributes for success in the role. Networking and partner development are also important functions of the role.

This is a challenging and rewarding role for someone committed to a sustainable future for the iconic landscapes and communities of our region.
